B-GONE™

ADHESIVE, TAR, GREASE, ASPHALT SEALER, OIL & GLUE REMOVER

Smell Zapper B-Gone: The environmentally safe answer for replacing chlorinated and petroleum-based solvents. B-Gone is a 100% active, 100% biodegradable product that attacks and solubilizes a wide variety of greasy soils, most inks, adhesives and polymers. It rinses easily in water leaving behind a surface that is totally film-free. B-Gone is safe for use on most metal surfaces. B-Gone will not damage carpeting, fabrics and most finished surfaces. Always test on an inconspicuous area for color fastness before using. It's a non-flammable, safe cleaner for your dirtiest jobs!

DIRECTIONS:

Spray onto surface and wipe clean. For dried adhesives, inks, tar, grease or asphalt - saturate the area and allow to penetrate and liquify the stain before rubbing with a clean cloth and wiping clean. (Always test in inconspicuous area for color fastness.)
